BRAUNVIEH #VinnigeFeite 1

GOEIE PIGMENT

- Geen probleme met son (soos oogkanker, vergroeiels aan ooglede)
- Sterk, swart, diep hoewe wat op enige terrein kan loop.

BRAUNVIEH #FastFacts 1

GOOD PIGMENTATION

- No problems with sun (eye growths or eyelid tumours)
- Strong, black, deep hooves that can last on any terrain

BRAUNVIEH #VinnigeFeite 17

BRANDMERK

Gemoedsrus en versekering dat die bulle aan ras standarde voldoen en prestasiegetoets is. Dit is ook 'n versekering dat die bulle deur 'n keurings proses is om te verseker die bulle van hoogstaande gehalte is.

BRAUNVIEH #FastFacts 17

BRANDING

Peace of mind and assurance that the bull meets breed standards and have been performance tested. It is also an assurance that the bulls have gone through a selection process to ensure that the bulls are of the highest quality.

BRAUNVIEH #VinnigeFeite 16

Genomiese toetse:

- Baie van ons diere het positief getoets vir die geen wat bydra tot vleissagtheid – uitstekende kwaliteit vleis op jou bord.

BRAUNVIEH #FastFacts 16

Genomic tests:

- Many of our animals tested positive for the gene contributing to meat tenderness – excellent quality meat on your plate.

BRAUNVIEH #VinnigeFeite 2

UITSTEKENDE MOEDERSINSTINK!

Kyk goed na hul eie kalwers. Dit is algemeen dat koeie 'n tweede kalf sal grootmaak indien nodig.

BRAUNVIEH #FastFacts 2

EXCELLENT MATERNAL INSTINCT
and mothering ability - Cows are known to often raise a second calf when necessary.

BRAUNVIEH #VinnigeFeite 3

UITSTEKENDE BESPIERING

Sonder enige van die dubbelbespierung gene!

Jip, in al die bulle wat getoets is, het ons nog nooit enige van die dubbelbespierung gene gevind nie!

Kyk net daardie pragtige agterkwart!

BRAUNVIEH #FastFacts 3

EXCELLENT MUSCLING

Without any of the double muscling genes!

Yes, in all the bulls tested, we have not found any of the double muscling genes!

Look at that beautiful hind quarter!

BRAUNVIEH #VinnigeFeite 14

- Medium tot groot raam DUBBELDOEL bees.
- Ontwikkel vir VLEIS en Melk

BRAUNVIEH #FastFacts 14

- Medium to large frame DUAL purpose breed.
- Developed for MEAT and DAIRY production.

BRAUNVIEH #VinnigeFeite 13

- Baie vrugbare ras wat lank lewe.
- Koeie van 12 jaar en ouer produseer nog jaarliks

BRAUNVIEH #FastFacts 13

- Fertile breed with long production lifespan.
- Cows 12 years and older still produces annually.

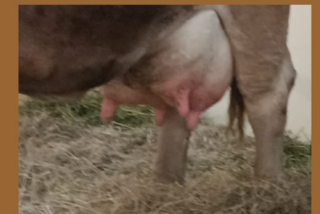

BRAUNVIEH #VinnigeFeite 4

'n Klein kalfie kan gemaklik drink!

NETJIESE, GOED GEPLAASDE UIERS sonder probleme.

Baie melk!

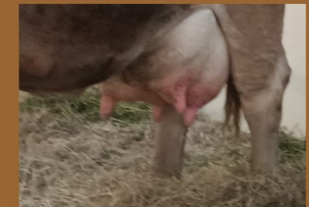

BRAUNVIEH #FastFacts 4

a Newborn calf will drink easily!

NEAT, WELL PLACED UDDERS, without problems,
More than enough milk!

BRAUNVIEH #VinnigeFeite 5

SUIWER RAS

Braunvieh is een van die oudste suiwer beesrasse in die wêreld!

Word dus met groot sukses in kruisteel-programme gebruik.

BRAUNVIEH #VinnigeFeite 12

Goeie stapvermoë, sterk bene en diep donker kloue

BRAUNVIEH #FastFacts 5

PURE BRED

Braunvieh is one of the oldest pure cattle breeds in the world!

Placing it in a perfect position for use in crossbreeding programs

BRAUNVIEH #FastFacts 12

Breed with good walking ability, strong legs and deep dark hooves

BRAUNVIEH #VinnigeFeite 11

WIT KALWERS

Suiwer kalfies word wit gebore (dit was vir kamoefling in die sneeu, en help hulle om koeler te bly in die Afrika son). Hulle word bruin soos hulle ouer word.

Hulle het steeds uitstekende pigment met swart ooglede, neuse en hoeve

BRAUNVIEH #VinnigeFeite 6

TEMPERAMENT

Rustige, mak diere – maklik om te hanteer.

Uitstekend vir jong kinders om 'n boerdery te begin!

BRAUNVIEH #FastFacts 11

WHITE CALVES

Purebred calves are born white (thus camouflaged them in the snow, and help them to keep cooler in the African sun), but turn brown as they grow older.

They still have excellent pigment with black eyelids, noses and hooves

BRAUNVIEH #FastFacts 6

TEMPERAMENT

Docile animals, tame - easy to handle.

Perfect for young kids to start farming cattle on their own!

BRAUNVIEH #VinnigeFeite 7

AANPASBAARHEID

Pas goed aan oor die hele Suid-Afrika.

Hulle presteer puik vanaf die warm Bosveld en Karoo, ook in die koeler Mpumalanga Hoëveld en die Vrystaat. Doen ook goed in die bergagtige dele van die Oos-Kaap waar dit gereeld sneeu.

BRAUNVIEH #FastFacts 7

ADAPTIBILITY

Adapt well in all parts of South Africa.

They do excellent in the warm bushveld regions, Karoo, and even in the colder Mpumalanga highveld and Free State. Also do well in the mountainous snowy areas of the Eastern Cape.

BRAUNVIEH #VinnigeFeite 10

UITSTEKENDE HAARKWALITEIT

Kort in die somer, met genoeg bedekking in die winter om in koue toestande aan te pas

BRAUNVIEH #FastFacts 10

EXCELLENT HAIR QUALITY

Short hair in summer, with enough growth in winter to adapt to cold environments

BRAUNVIEH #VinnigeFeite 9

SKOON, NETJIESE SKEDES

Skoon skedes sonder probleme soos prolapse.

BRAUNVIEH #FastFacts 9

CLEAN, NEAT SHEATHS

Neat sheaths without problems such as prolapses.

BRAUNVIEH #VinnigeFeite 8

UITSTEKENDE GROEI

Swaar speenkalwers wat uitstekend in voerkrale presteer.

Jou speenkalf koper sal terugkom vir nog!

BRAUNVIEH #FastFacts 8

EXCELLENT GROWTH

Heavy weaners that performs well in feedlots.

Your buyer will be back for more!

BRAUNVIEH

This is the breed to lead the beef industry.

Braunvieh put it all together:
Maternal, Muscling, Marbling and
Performance

BRAUNVIEH

Jy kan nie die speenkalfprys verander nie,
maar jy kan wel jou speengewig verander!
Maak dus die die Braunvieh deel van jou
toekoms.
